

**Joseph Zohar**  
**Chaim Sheba Medical Center, Department of Psychiatry,**  
**Tel Hashomer, Israel**

Three areas of expertise:

1. **OCD** (Obsessive Compulsive Disorder) and particularly focusing recently on dTMS (deep Transcranial Magnetic) in the treatment of OCD.
2. Another area of expertise is **PTSD** (Post-Traumatic Stress Disorder) focusing on the "Golden Hours" and early intervention in individuals who are exposed to traumatic events.

We are also doing dTMS in PTSD.

3. The third area of expertise is **TRD** (Treatment-Resistant Depression), with specific focus on personalized approach in resistant depression based on the endophenotype profile.
